# Why get the FastBar POS System?

## Differentiators

· Ease of operation - streamline and organize your operation
· Accuracy - completely control the items and price you sell
· Control - totally manage your system / Reduce operating Costs
· Live Help - 24/7 support via phone, network, or in person
· Price - No dealer network. We work directly with the customer/end user and therefore have better support and knowledge of what is needed
· Save money on labor - Our system can save you several hours a week or more!
· Reduce Employee Shrinkage / Customization available for your particular needs.

From the Main Order Screen, all the options necessary for placing orders are easily accessible to the user. Up to 32 different menu groups can be programmed by the site. Each menu group can have a limitless number of items in that group.
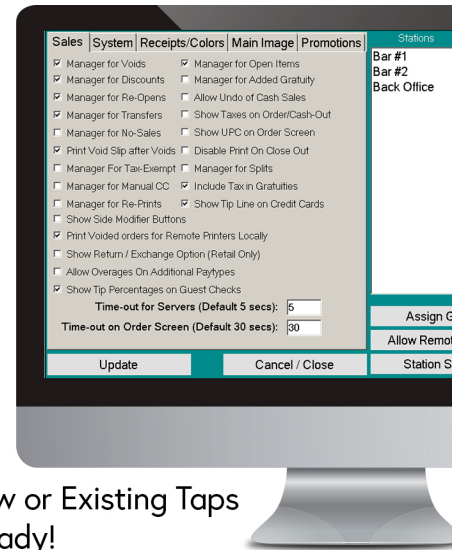

**Some Key Features Are:**
